March 17-21, 2025

## Greetings Hawk Community

Greetings Hawk Community,

I hope you have had a great week and you are looking forward to some rest over the weekend. This week has gone by rather quickly and we have reached the end of the first nine weeks grading period. You should be receiving report cards in the next week or two depending how fast the mail is delivered.

As we move forward through this semester, please continue to monitor your students grades and attendance. In this edition, there are several important dates for senior. However, of the most important reminders for seniors to maintain great attendance because of the have more than 30 period absences, they can not participate in the graduation ceremony. Students can attend Saturday school to make up absences and get back in good standing.

Mr. Carrasco

# TULARE JOINT UNION HIGH SCHOOL DISTRICT

Dear Parent/Guardian:

Each spring, students in California participate in the statewide testing program, the California Assessment of Student Performance and Progress (CAASPP) System. The assessments in the CAASPP System provide information to teachers, parents/guardians, and students about students' progress and readiness for college and career. This year, your child will take the following test(s) depending on his or her grade level:

Smarter Balanced test for English language arts/literacy (11th grade only)

Smarter Balanced test for mathematics (11th grade only)

California Science Test (10th and 12th grade only)

The Smarter Balanced online tests are based on the California Content Standards, also known as the Common Core State Standards, for mathematics and ELA. For eleventh graders, these tests will have a direct impact on the California State University's (CSU's) Early Assessment Program (EAP). The CSU and participating California community colleges will use student results from the Smarter Balanced Summative Assessments as a student's EAP status in English and mathematics:

Students who score at the highest performance level ("Standard Exceeded") are considered *ready* for college-level coursework

Students who score at the "Standard Met" performance level are considered *conditionally ready* for college-level coursework in English and/or mathematics. Students must take an approved English and/or mathematics course in twelfth grade and receive a grade of "C" or better to be considered College Ready.

Students who score at the "Standard Nearly Met" performance level are considered *not yet ready* for college-level coursework in English and/or mathematics and will need additional preparation in the twelfth grade.

Students who score at the "Standard Not Met" performance level are considered *not ready* for college-level work in English and/or mathematics. They will need substantial improvement to demonstrate knowledge and skills needed for success in entry-level credit-bearing college coursework after high school.

California's new state standards for science call for students to think and work like scientists and engineers—asking questions and learning through hands-on investigation and discovery. California is in the process of implementing the California Next Generation Science Standards. As part of that implementation, students in tenth and twelfth grade at the high school level will take the science assessment called the California Science Test, or CAST.

To learn more about either the Smarter Balanced Summative Assessments or the CAST, go to the California Department of Education Parent Guides to Understanding Web page at <https://www.cde.ca.gov/ta/tg/ca/documents/pgtu-summative.pdf>. You can look at sample test questions on the practice tests, which can be found on the CAASPP Web Portal at <http://www.caaspp.org/practice-and-training/index.html>.

Pursuant to California *Education Code* Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all of the CAASPP assessments.

If you have any questions regarding your child's participation in the CAASPP assessments, please contact your child's school.

## TULARE JOINT UNION HIGH SCHOOL DISTRICT

Estimado padre/tutor:

Cada primavera, los estudiantes de California participan en el programa de evaluación estatal, el Sistema de Evaluación del Rendimiento y Progreso Estudiantil de California (CAASPP). Las evaluaciones en el Sistema CAASPP brindan información a los maestros, padres/tutores y estudiantes sobre el progreso y la preparación de los estudiantes para la universidad y la carrera. Este año, su hijo(a) tomará la(s) siguiente(s) prueba(s) dependiendo de su nivel de grado:

Prueba Smarter Balanced de lengua y literatura en inglés/alfabetización (sólo en el grado 11)

Smarter Balanced de matemáticas (solo en el grado 11)

Examen de Ciencias de California (solo grados 10 y 12)

Las pruebas en línea de Smarter Balanced se basan en los Estándares de Contenido de California, también conocidos como Estándares Estatales Básicos Comunes, para matemáticas y ELA. Para los estudiantes de undécimo grado, estas pruebas tendrán un impacto directo en el Programa de Evaluación Temprana (EAP) de la Universidad Estatal de California (CSU). La CSU y los colegios comunitarios de California participantes utilizarán los resultados de los estudiantes de las Evaluaciones sumativas Smarter Balanced como el estado EAP de un estudiante en inglés y matemáticas:

Los estudiantes que obtengan una puntuación en el nivel de rendimiento más alto ("Estándar Superado") se consideran *listos* para los cursos de nivel universitario

Estudiantes quienes obtienen un puntaje en el nivel de rendimiento "Estándar Alcanzado" se consideran *condicionalmente listos* para cursos de nivel universitario en inglés y/o matemáticas. Los estudiantes deben tomar un curso aprobado de inglés y/o matemáticas en el duodécimo grado y recibir una calificación de "C" o mejor para ser considerados listos para la universidad.

Se considera que los estudiantes que obtienen un puntaje en el nivel de rendimiento "Estándar Casi Alcanzado" *aún no están listos* para los cursos de nivel universitario en inglés y/o matemáticas y necesitarán preparación adicional en el duodécimo grado.

Se considera que los estudiantes que obtienen una puntuación en el nivel de rendimiento "Estándar No Alcanzado" *no están listos* para el trabajo de nivel universitario en inglés y/o matemáticas. Necesitarán una mejora sustancial para demostrar el conocimiento y las habilidades necesarias para tener éxito en los cursos universitarios con créditos de nivel de entrada después de la escuela secundaria.

Los nuevos estándares estatales de ciencias de California exigen que los estudiantes piensen y trabajen como científicos e ingenieros, haciendo preguntas y aprendiendo a través de la investigación práctica y el descubrimiento. California está en el proceso de implementar los Estándares de Ciencias de la Próxima Generación de California. Como parte de esa implementación, los estudiantes de décimo y duodécimo grado a nivel de escuela secundaria tomarán la evaluación de ciencias llamada Prueba de Ciencias de California o CAST.

Para obtener más información sobre las evaluaciones sumativas Smarter Balanced o CAST, visite la página web Guías para padres para entender del Departamento de Educación de California en <https://www.cde.ca.gov/ta/tg/ca/documents/pgtu-summative.pdf> Puede ver preguntas de prueba de muestra en las pruebas de práctica, que se pueden encontrar en el portal web de CAASPP en <http://www.caaspp.org/practice-and-training/index.html>.

De conformidad con *Código de Educación*, los padres/tutores pueden enviar anualmente a la escuela una solicitud por escrito para excusar a su hijo de cualquiera o todas las evaluaciones CAASPP.

Si tiene alguna pregunta sobre la participación de su hijo en las evaluaciones CAASPP, comuníquese con la escuela de su hijo.
